*Finishing touches are items that can be added to make a flower order that little bit more special and cannot be ordered on their own for delivery orders.

* We have created a price list for popular items
All prices shown are a guide and flower prices increase at high demand times of the year like mother's day, valentines & Christmas due to the cost of flowers being more expensive to buy in.

We cater for all different styles and tastes from modern to traditional. If you need a certain style ask and we will be happy to create anything from wild and wacky, modern & stylish, bright and cheerful, tropical or just pretty.
